government is charged with, it must be armed net only with force, but with large discretion and authority to furnish food in emergencies. One regiment will probably have to go to the frontier in the spring from the division of the Atlantic. It would be well if these could be here at points like Atlanta, Leavensworth, St. Paul and Omaha, in rotation of all regiments of infantry or cavalry for instruction; but hitherto this has been imprecibiable. General Sherman doubts the wisdom of selecting and presarrow in advance, as recommended by Ganaral Hancock, posts and camps in the south against yellow-fever. The artillary subsoil at fortiess Monroe is kept to a high standard and is tast secoming a post-graduate course for officers.

A Dose of Tarrant's Seltzer Aperient Has removed the agony of rheumatism, and its continued use entirely healed the patient. Rheumatism is but little understood. Some empiries resort to embrocations, which are really dangerous. It is now acknowledged to be a blood disease, resulting from acidity. This ape lent corrects all such aridity, and thus cures the disease. All rheumatic sufferers are advised to try it.
